CONSULTANTS INTERNATIONAL

On 12 December 1981, CONSULTANTS INTERNATIONAL was requested by its prime contractor, SRI International, to determine if an event of major importance to the United States would occur in the near future. On 15 December 1981, CONSULTANTS INTERNATIONAL indicated that a United States Pentagon official would be kidnapped by terrorists on the evening of 17 December 1981.

This interim report is the collection of data from eight of the nine CONSULTANTS who, between 15 December 1981 and 12 January 1982, described the location(s) of Brigadier General James L. Dozier-- a United States Army officer, who was kidnapped from his home in Verona, Italy on the evening of 17 December 1981.

Requests for additional information should be directed to: Dr. Hal Puthoff, SRI International
Menlo Park, California
